Authors

Abd-Elrahman, Amr H., and Mohamed Gad-Elraab. 2008. Using commercial-grade digital camera images in the estimation of hydraulic flume bed changes: Case study. 68(1): 35-45.

Calkins, Byron, Lance Aspaas, Charles Nettleman, Amanda Ramirez, Kyle Spolar, and Ty Trammell. 2008. The boundary survey of the United States and Mexico "Hidalgo de Guadalupe Medir"—Treaty of Guadalupe Hidalgo (1848): Surveying history. 68(4): 221-37.

Colyer, Cliff, Trevor Gorman, Brandon Sanford, Jeff Wilcox, Steve Ramroop, and Gregory Spies. 2008. Major Andrew Ellicott's survey of the first southern boundary of the United States: Surveying history. 68(4): 251-8.

Dalyot, Sagi, Eran Keinan, and Yerach Doytsher. 2008. Landslide morphology analysis model based on LiDAR and topographic dataset comparison. 68(3): 155-70.

Deakin, Ann K. 2008. Debating the boundary between geospatial technology and licensed land surveying. 68(1): 5-14.

Dodo, J.D., M.N. Kamarudin, and M.H. Yahya. 2008. The effect of tropospheric delay on GPS height differences along the equator. 68(3): 145-54.

Fargen, Marshall. 2008. Ownership of pre-submerged lands. 68(3): 183-6.

Filin, Sagi, Aviram Borka, and Yerach Doytsher. 2008. From 2D to 3D land parcelation: Fusion of LiDAR data and cadastral maps. 68(2): 81-91.

Ford, Joshua. 2008. Taking government land. 68(1): 53-7.

Gletne, John. 2008. Changes in riparian boundary location due to accretion, avulsion, and erosion. 68(1): 47-52.

Greenfield, Joshua, and Laramie Potts. 2008. Surveying body of knowledge—preparing professional surveyors for the 21st century. 68(3): 133-43.

Kis, Andrew, Katharine Nock, and Jeff Jalbrzikowski. 2008. The Greenville treaty line: Surveying history. 68(4): 193-207.

Kurth, Jordan B. 2008. Minnesota's international boundary: An abbreviated history: Surveying history. 68(4): 259-67.

Lowman, Clay, Steven Moon, Tamar Moon, Andrew Morgan, Nathan Shupe, and Rhett Sloan. 2008. Georgia's water crisis and the surveys that could have stopped it: Surveying history. 68(4): 239-47.

Mueller, Hartmut, and Mirko Siebold. 2008. Good-practice example of a German regional SDI as a component of the future INSPIRE framework. 68(2): 93-9.

Muhsen, Abdel-Rahman, and Michael Barry. 2008. Technical challenges in developing flexible land records software. 68(3): 171-81.

Ovans, Nathaniel, Nathan Plooster, Krag Caverly, Andrew Mclean, Autumn Park, and Carrie Bell. 2008. The Michigan–Indiana border survey: Surveying history. 68(4): 209-20.

Pearson, Chris, and Dave Mick. 2008. Height datums on the Mississippi and Illinois river systems: An inconvenient feast. 68(1): 15-9.

Potsiou, Chryssy A., and Katerina Dimitriadi. 2008. Tools for legal integration and regeneration of informal development in Greece: A research study in the municipality of Keratea. 68(2): 103-18.

Psaltis, Christodoulos, and Charalabos Ioannidis. 2008. Simple method for cost-effective informal building monitoring. 68(2): 65-79.

Seybert, Thomas A. 2008. Evaluating program outcomes and classroom instruction on the basis of course outcomes assessment. 68(3): 125-32.

Steinberg, Gershon, and Gilad Even-Tzur. 2008. Official GNSS-derived vertical orthometric height control network. 68(1): 29-34.

Thomas, Kyle E., and Theodore A. Endreny. 2008. Improving national land cover database estimates of road network impervious cover using vector road networks in GIS. 68(1): 21-7.

Articles

Changes in riparian boundary location due to accretion, avulsion, and erosion. Gletne, John. 2008. 68(1): 47-52.

Debating the boundary between geospatial technology and licensed land surveying. Deakin, Ann K. 2008. 68(1): 5-14.

Evaluating program outcomes and classroom instruction on the basis of course outcomes assessment. Seybert, Thomas A. 2008. 68(3): 125-32.

From 2D to 3D land parcelation: Fusion of LiDAR data and cadastral maps. Filin, Sagi, Aviram Borka, and Yerach Doytsher. 2008. 68(2): 81-91.

Georgia's water crisis and the surveys that could have stopped it. Lowman, Clay, Steven Moon, Tamar Moon, Andrew Morgan, Nathan Shupe, and Rhett Sloan. 2008. 68(4): 239-47.

Good-practice example of a German regional SDI as a component of the future INSPIRE framework. Mueller, Hartmut, and Mirko Siebold. 2008. 68(2): 93-9.
